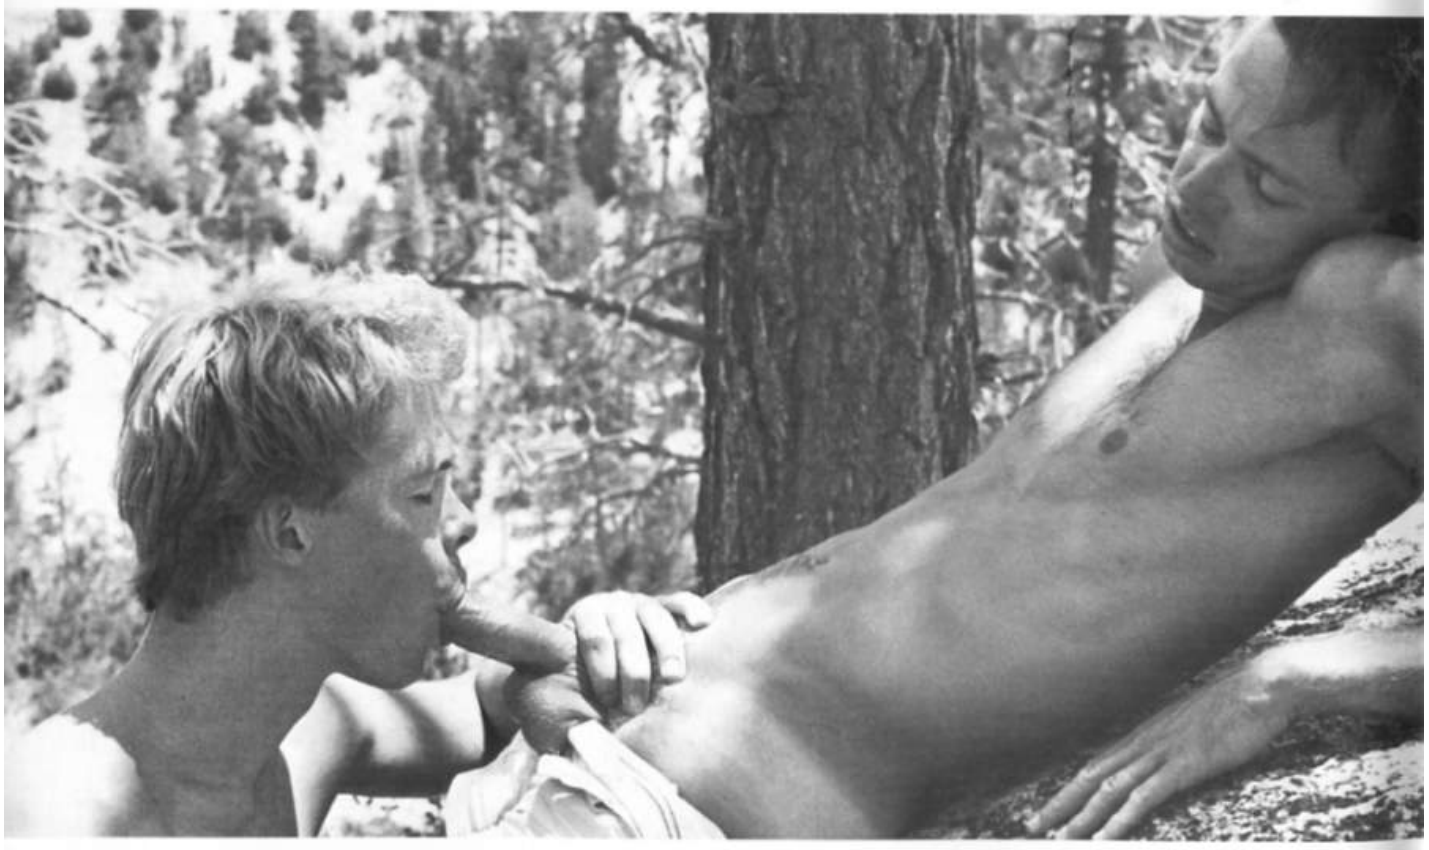
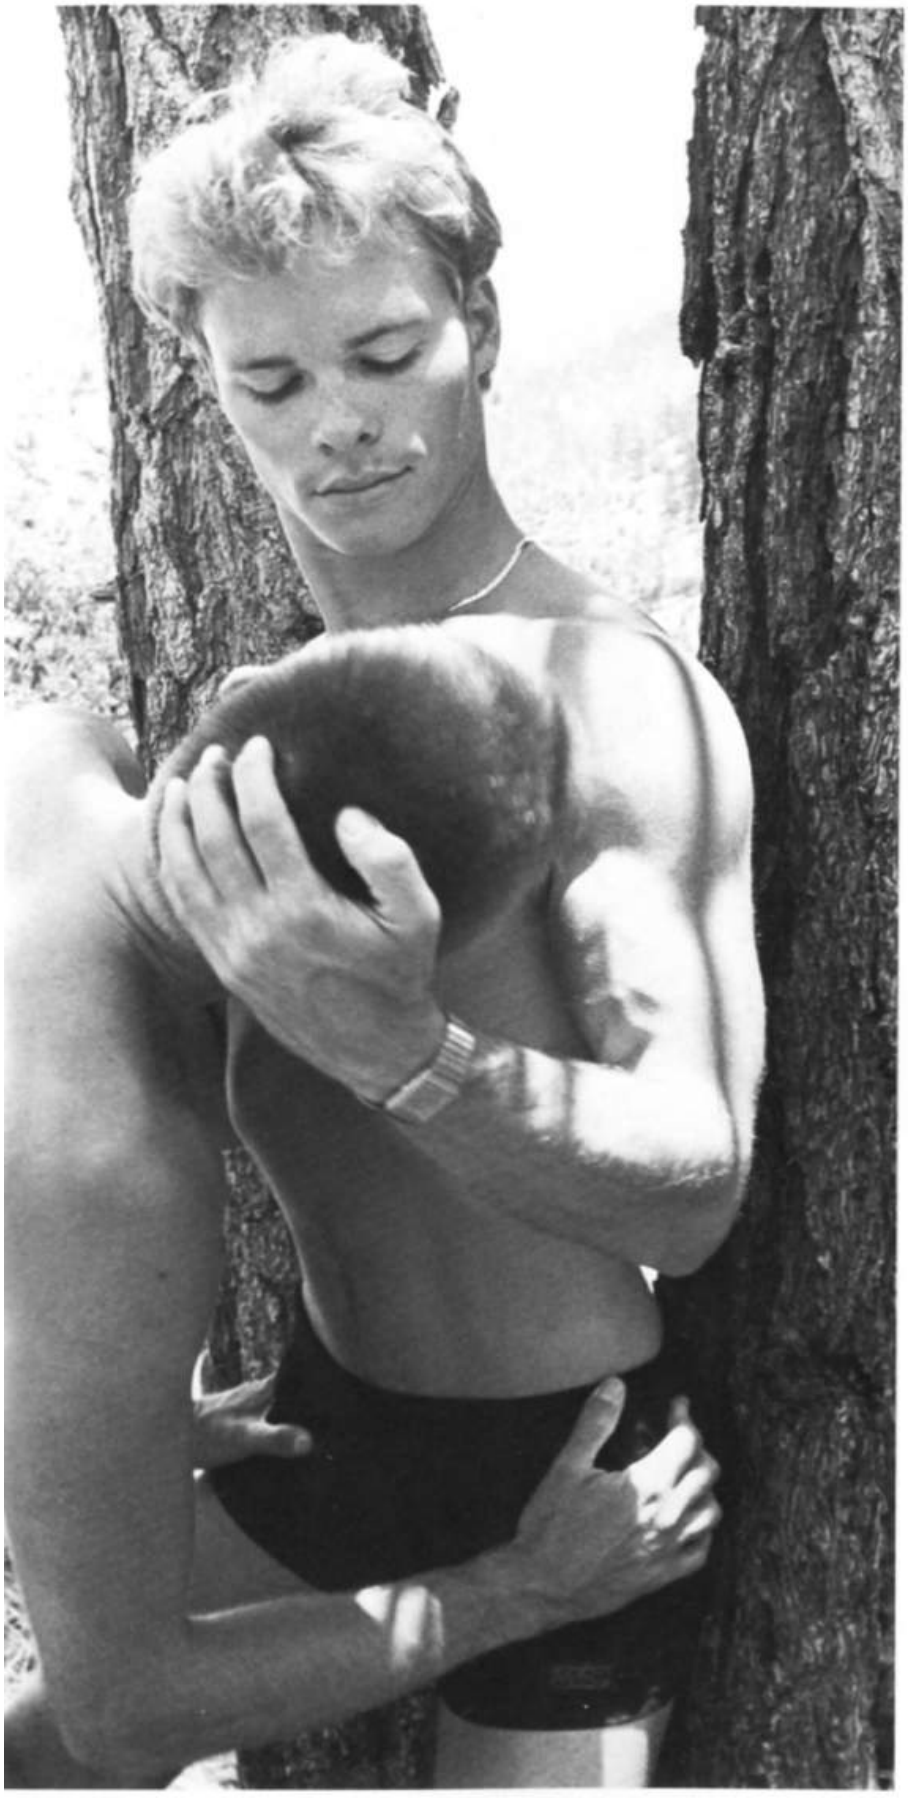
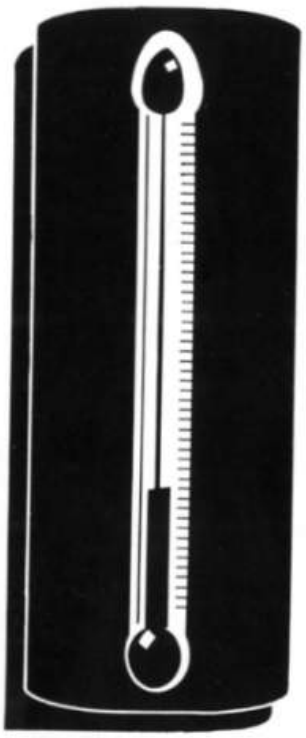
Oh boy, fresh air, exercise—and an impulsive kiss that starts the juices flowing. Both guys know this is going to lead to something hot and wonderful!

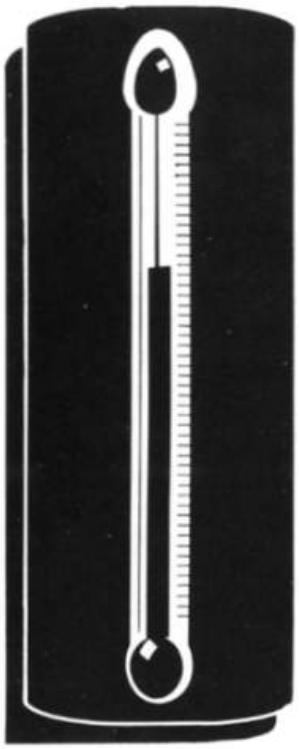




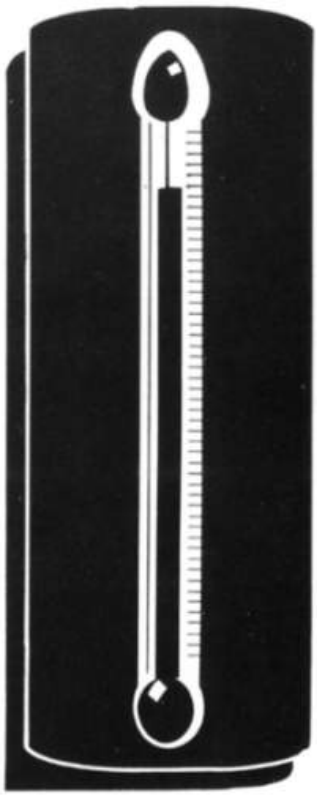
If there's anything Jim likes, it's to suck cock. If there's anything Mark likes, it's to have his cock sucked. If there's anything else they like, it's to reverse positions. Jim's had his appetizer, and now it's Mark's turn!



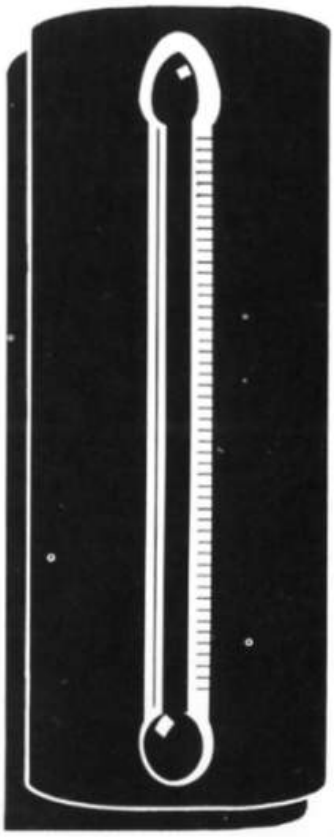
You talk about hot! Here are a couple of sets of gonads that are heating up like crazy. Their balls are boiling. Their pricks are glowing with sexual incandescence. There's only one direction these thermostats can go!



They turn 180 degrees to get into a 69 divided by 2. You don't need a degree in thermal mathematics to realize these two guys are turning on the heat. Their pilot lights were lit when they saw each other, and now their burners are fully turned on!

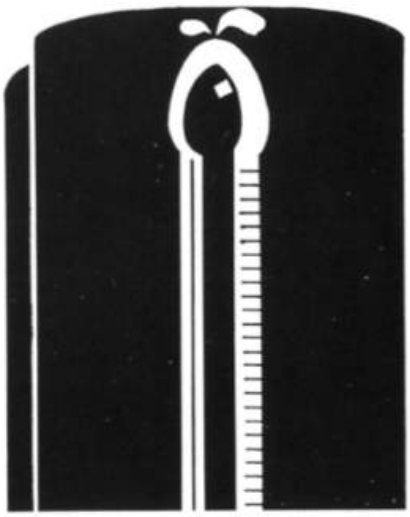


Not only is the sucking a fun thing in itself, it also gets a guy's prick stiff and lubed and ready for some hot and heavy assfucking. Saliva is a natural lubricant that makes a long dong slide into a primed poop-chute more easily!



Pumping in is the best part of camping out. Man, what a sensation as a long dong squeezes into a tight, dark tunnel of love. The flames of desire are fanned into volcanos of lust ready to erupt hot juices!

Their bodies are aflame with passion as prick pumps into asshole, as asshole pounds down over prick. Grunts and groans fill the forest!



The sucking goes on, and the fires rage. Balls boil, hot rods get hotter, blood surges like lava through manly veins and arteries!

Here's the target, and it tingles with the knowledge that in just a moment Jim's flesh dart will hit it dead center, and they'll both be winners!
